- Logo Contest by the Grow Hallsville Parks Foundation

NEWS FLASH

IMPORTANT UPDATE

Water Rate Increase

During the June Board of Aldermen meeting Ordinance #399 was passed. This ordinance increases the water rate for residents that receive their water through the City of Hallsville.

The City of Hallsville purchases their water from PWSD#4 and distributes it to part of the residents within the city limits of Hallsville. After receiving an increase from PWSD#4, the City had to increase their water rates to keep up with the cost of water and the increase to maintain the water lines.

If you receive water from the City your water rates were \$13.35 for the first 1,000 gallons and \$5.30 for every 1,000 gallons after the first. The new water rates that you will see on your bill going out the end of June will be **\$17.00** the first 1,000 gallons and **\$7.50** for every 1,000 gallons after the first.

To view new ordinances go to <https://ecode360.com/HA3555> and click on new laws.

COMPREHENSIVE PLAN PUBLIC FORUM

The Board of Aldermen reviewed the results of the Preliminary Comprehensive Plan Survey.

They received some very interesting results! The next step is a public forum to gain more insight from the citizens of Hallsville. You will get to hear the results of the survey and further discuss those topics with the Board of Aldermen. The public forum will be on ***Monday, July 11th starting at 6:00 p.m. in the Community Center located at 324 E Hwy 00.*** Please attend and let your voice be heard in the planning for the future of Hallsville.

MISSOURI AMERICAN WATER

Some residents within the Hallsville city limits are still confused about the bills they are receiving from Missouri American Water (MOAW)!

MOAW purchased the sewer system from the City of Hallsville in February of 2022. You need to send in your payment to MOAW for your sewer. If you have any questions you can call City Hall.

"Try to be a rainbow in someone else's cloud."
